

## TESTIMONIAL

Date: 18<sup>th</sup> July 2017

TO,

ANISH MALATTIRI

AL SAEEDI

Two weeks ago I had approached Anish from Al Saeedi for a change of my expired car tyres. Without any delay, I had the list of tyres and its prices suitable for my car, messaged to me.

It's not just my car which was given the perfect service, but also me and my family. It was scorching heat outside, and his service centre, in Deira, had the perfect 'escape from heat' facility.

The Service centre manager Mr. Sivan, was very welcoming, the workers were very prompt and showed their expertise in their work. It took not more than half an hour, as the tyres were already arranged to be brought from the warehouse, even before we reached there.

It is not very common that you find ladies go into a workshop or a service centre to change tyres or for any other car problem, mainly because there is no family waiting room. But here at Al Saeedi, you have one.

I would recommend Al Saeedi to all my friends and family, who would want to get their car tyres serviced or changed.

I thank you for the service you provided.

Warm regards,

Shirley Jeff.
