GOOD STORIES. GOOD PRODUCTS.

Dear Anish,

During the peak of lockdown period, I got in touch with Anish on a Friday morning to get my car battery fixed. Within couple of hours, his team was here fixing the issue. At this time, when it has become difficult to get service centers to respond to your calls, this exemplary service from Al Saeedi is what differentiates them and sets them apart.

I will proudly, without a blink, recommend Al Saeedi to my network
