Al Saeedi  
Dubai, UAE

**Subject: Testimonial**

Hello Anish,

Getting the right service at right time is very important, I believe that's what Al Saeedi Pro does

When I require to change my car battery, your team came to my house, worked around my schedule, did a great job, and replaced my car battery. The tech was very friendly and went out of his way to help. It was a very prompt service.

Your customer care person helped me well. Your Mobile Van service was a great help for busy executives like us who cannot afford to amble around searching for such service. The rates were quite competent too. As always there is no hesitation for us to refer you to our circle.

Great job! Keep up the good work.

Thank you so much
